*** **Brick-Oven Pizza** ***

A Word About Our Pies: We make our pizza pretty much the same way they do it in New Haven CT, the pizza capital of the world. We run our ovens at close to 700 degreesF, cooking the pizzas super-fast and creating spots of superficial char on the crust. It creates great flavor... but if you think you'd like less char, please inform us ahead of time. All Pies are 16"
